

Pair Sentenced to Two Years in State Prison

Two Hempstead men were sentenced to two years in the Arkansas penitentiary by Judge Lyle Brown in the opening session yesterday of Circuit Court.

Olin Andrew Hanney and Robert Donald Worley both pleaded guilty to burglary and grand larceny. Each was given two years on the burglary count and three years suspended on the grand larceny count.

In other action a jury received an instructed verdict for the defendant in the case of Ella M. Purlof vs. Preferred Life Insurance Co. The plaintiff was asking judgment for \$157.75 in connection with hospitalization insurance.

Before adjourning yesterday the Court set a civil case for Friday. Iris Bohanan is asking judgment of \$33,000 against Wilburn H. Barnett for alleged personal injuries resulting from a wreck in Howard County.

Quake Most Powerful in World History

By UNITED PRESS

One of history's most powerful earthquakes echoed across wide sections of the United States when it rocked a desolate unpopulated region of Alaska.

The quake Monday broke five seismographic instruments in a Fairbanks, Alaska, laboratory, 3,500 miles distant. At Fairbanks, about 150 miles from the quake area, light fixtures swayed and articles were toppled from shelves.

Its intensity on various seismographs across the country ranged from 7.5 to 8.5 on the Richter magnitude scale. The greatest earthquake previously recorded was a 1950 tremor in Tibet which hit 8.6.

University of Alaska and U.S. Coast and Geodetic Survey scientists placed the center of the quake at the Indian village of Hughes, northwest of Fairbanks on the Koyukuk River. No deaths or injuries were reported.

Geologists said the quake was too far inland to cause any tidal waves along the Pacific Coast.

W. H. Gunter Jr. New Lions President

W. H. Gunter Jr. was elected president of the Hope Lions Club for the coming year, at yesterday's noon meeting. Other officers are: 1st vice president, W. L. Tate; 2nd vice president, Jim James; 3rd vice president, James Morrow; secretary and treasurer, Lloyd Leverett; tall twister, Cecil Deane; and lion tamer, Kinard Young.

Board of directors are: Immediate past president, Cline Franks; Barry Brown, Harry Phillips, Joe Hankins, Bill Rounton and the newly elected officers. The incoming officers will assume their duties in July.

Chair Damaged in Apartment Fire

Firemen answered a call to 820 S. Main last night where a smoldering chair had filled a room with smoke at the apartment house operated by Mrs. Annie Erwin.

An occupant of the apartment had apparently gone to sleep on the divan. Firemen believed a cigarette caused the chair fire. Shortly before midnight the occupant of the apartment came in and discovered his wife asleep in the smoke filled room.

Firemen said the woman was apparently unharmed and only the chair was damaged.

Part of Crowd at Captain Shreve Hotel This a.m.

HUNDREDS attended the Millwood breakfast this morning in the Lake Room of Captain Shreve Hotel. The above shot shows part of the crowd in which several local delegates can be identified.

What to Do in Event of a Tornado

1. In the event of a Severe Storm alarm by the warning network, we recommend that you exercise caution and remain near a sheltered building. Remember this storm may contain only high wind and hail.

2. In the event of a Tornado warning: There is no universal protection against tornadoes except underground evacuations.

If such a structure is not available the following safety rules are recommended.

(1) If you are in Open Country: Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.

(2) In a City or Town: Seek inside shelter, preferably in a strongly reinforced building. Stay away from windows! In your home, the southwest corner of a basement offers greatest safety. People living in houses without basements can sometimes be protected by taking cover under heavy furniture against inside walls. Doors on the north and east side of the house may be opened to help reduce damage to the building.

(3) In School: In city areas, if building is of strongly reinforced construction, stay inside, away from windows, and near an inside wall on the lower floor if possible. Avoid auditoriums and gymnasiums with large poorly supported roofs. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if a storm shelter is not available.

(4) Factories: On receiving a tornado warning, a lookout should be posted to keep officials advised of the storm approach. Advance preparation should be made for moving workers to sections of the plant offering the greatest protection.

(5) Final Advice: Keep calm! It will not help to get excited. People have been killed by running into the street or back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location is very slight. Tornadoes usually cover such a small territory that usually only a few in the alerted area are directly affected.

Keep tuned to KXAR for latest storm advisory information.

A full scale practice alert will take place Thursday in Hempstead County at 10 a. m. An imaginary storm will be spotted and tracked. Officials and spotters will not have knowledge of its nature or path except as it develops. All schools, industries and other large groups are urged to take part in the alert with a storm warning drill within their plant or building.

The public is urged to listen to KXAR starting at 9 a. m. to help them understand how the "real thing" will affect the warning system. Results of the first alert will be issued to the public later in the day.

Frost Hits Many Places in Arkansas

By UNITED PRESS

Frost was reported at a number of places in Arkansas Monday night, but it was not known if it did any agricultural damage.

It followed to the letter Monday's forecast, calling for frost in the north portion and scattered frost in the south portion. Frost was reported at Carendon, Enclaville, Calico Rock, Evening Shade, Mountain Home, and Gilbert.

The weather picture was different today, however. The forecast said it would be most fair this afternoon with increasing cloudiness tonight. Showers and scattered thunderstorms were forecast Wednesday and in the southwest portion tonight. It will be warmer this afternoon and tonight. Highs will be in the mid 60's to mid 70's; lows tonight in the low 40's to low 50's, and highs Wednesday in the 60's.

The high in Arkansas Monday was 70 at Arkadelphia, the low today 28 at Gilbert.

At 11 a. m. skies were clear at Memphis, partly cloudy at Pine Bluff, El Dorado and Walnut Ridge and cloudy elsewhere in Arkansas. Texas had 53 degrees, Fort Smith 54, Little Rock, Phipps and Fayetteville 55, Memphis and Walnut Ridge 56, Pine Bluff 57, and El Dorado 58.

CBS Curtails Some 'Live' Programs

NEW YORK (UP)—Columbia Broadcasting System radio and television stations across the nation were on the air today with supervisory workers behind the cameras and control panels in place of 1,300 striking technicians.

Film was substituted for some scheduled live television shows in which the camera work was considered too intricate for the inexperienced hands. This will include tonight's scheduled Red Skelton show from Hollywood if the strike is still on, the network said. An old Skelton program will be shown from film.

The 1,300 members of eight locals of the International Brotherhood of Electrical Workers walked off their jobs at 1 p. m. Monday in a surprise strike. Their contract had expired Jan. 31, but negotiations had continued in Washington with officers of the Federal Mediation and Conciliation Service sitting in on the talks.

The strikers mean CBS-owned radio and television stations in New York, Los Angeles, Chicago and St. Louis. TV stations only in Hartford, Conn., and Milwaukee, and radio stations only in Boston and San Francisco.

Ark Higher Wages
The network serves a total of 200 TV stations and 201 radio stations, but only the 6 radio and 6 TV stations it owns were affected.

RHEE POSTPONES TRIP
SEOUL, Korea (UP)—President Syngman Rhee has postponed his state visit to Viet Nam for several days because of a slight illness. Officials said the 63-year-old president suffered a "light cold" several days ago while taking a stroll but is now recovering.

Acceptance of Bail Bond Is Asked

LITTLE ROCK (UP)—The state Supreme Court was asked Monday to order Washington Circuit Judge Maupin Cummings to accept a Little Rock man's bail bond for two men held at Fayetteville on armed robbery charges since March 5.

Attorney Robert W. Laster asked for the order. He said it was necessary for him so he could prepare his defense for Robert Miller and Tommy Groffo, the two being held.

Judge Cummings had refused to accept the bonds by the Ted Hood Bonding company. He said he didn't know anything about Hood's financial responsibility.

Painters to Talk With Contractors

LITTLE ROCK (UP)—A meeting of representatives of Painters Local 424 and the Painting and Decorating Contractors of America was scheduled today to discuss a work stoppage which started last week.

W. H. Thomas, union representative, said about seven contractors had agreed to the union's request for a pay raise and workers had gone back to their jobs with those contractors.

The painters have been asking 25 cents an hour increase, half of it now and the other next April 1. The contractors who wanted to spread the raise cut in six-month increases.

Members of the Bricklayers Local 1 file settlers division were to return to work today after an agreement was reached with the Tile, Marble and Terrazzo Contractors Association.

The file settlers will get five cents an hour raise every six months for three years, according to Bill S. Clark, the contractors' lawyer. They had asked for a 10-cent increase immediately and 10-cent increases in April 1959 and 1960. The contractors wanted to give a total increase of 25 cents an hour.

All Around Town

By The Star Staff

Pony and Little League sponsors and managers met last night to name new officers and get ready for the coming season. Norman Moore was named President, Dr. Sam Strong, treasurer, and Roland Robinson, vice-president. It was decided to require birth certificates or school records from all players in order to avoid more incidents such as occurred in last year's playoff. No action was taken on a proposal to require a fee for protests with a forfeit of the fee in event a protest was not allowed. A proposal to require all managers to play every boy on their roster sometime during each game met a cool reception with no action taken. It was emphasized that according to rules all decisions of umpires are final and cannot be protested. Trials, depending on the weather, will be held around May 1, according to President Frank McLarty.

Those interested in the upkeep of Rocky Mount Cemetery are asked to send donations to Mrs. Norman Taylor, Hope Rt. 2.

SEC William T. Johnson, Hope, is training for exercise "Indian River" at Ft. Lewis, Washington. Also in training for the same maneuvers is Sgt. J. C. Pegee of Hope, Ark.

Narrows Lake Association directors are planning a Fishing Derby to start June 2 with some \$1,500 in prizes. Contestants fee is \$1.00.

That homemade rocket ran into difficulties yesterday but the youths will try again today to set it off.

Indonesia Asking for U. S. Arms

WASHINGTON (UP)—Secretary of State John Foster Dulles disclosed today that Indonesia asked for American arms during the last few days.

He said it is still the policy of the United States not to supply arms to either the Indonesian government or rebel forces during the present crisis. He said the rebels have not asked for American arms.

Dulles also sharply criticized the Soviet bloc for selling arms to Indonesia during the present civil war. "While charged that the Soviet bloc's deal with Indonesia is not sound or healthy in a situation where arms may be used for offensive operations inside a country."

He told his news conference that the United States follows the broad arms policy of supplying arms only where there is a need to repel aggression from without, or where small arms are needed for internal forces, such as the police—to maintain law and order.

The United States does not believe in the promiscuous spreading of arms. "Dulles said it did not seem wise for the United States to supply arms to either side in the Indonesian dispute. He said this is still United States policy."

Dulles too a similar view toward the situation in Cuba. He said he does not know whether a study has been completed on whether 1,500 rifles, now held in the United States, should be delivered to the Cuban government. The shipment was suspended several weeks ago in light of the civil war in Cuba.

Temperatures Around the U. S.

NEW YORK (UP)—The highest reported temperatures in the nation Monday was 92 degrees at Presidio, Tex. The lowest reported to the U.S. Weather Bureau today was 19 degrees at Ely, N. M.

SEARCH FOR MURDERER
TOKYO (UP)—Police searched today for a young criminal who murdered a 54-year-old shoemaker and then sold the dead man's house to a neighbor for \$550.

Rep. Harris Feels Ike Will Sign Flood Bill Including 'Millwood'

Delegates Are Told at Annual Shreveport Meet

SHREVEPORT, La. (UP)—Rep. Oren Harris (D-Ark.) said today it was his "personal guess" that President Eisenhower will sign the \$1,500,000,000 flood control bill now on his desk.

Harris was the breakfast speaker at the second and final day's meeting of the 33rd annual convention of the Red River Valley Association.

BULLETIN
Well over 100 delegates from Hope attended the Millwood Dam breakfast this morning along with many others from points all over this area.

Brigadier General John L. Person, Assistant Chief of Engineers, Corps of Engineers, U. S. Army, Washington, was principal speaker at the noon luncheon today.

Besides Congressman Harris other speakers Tuesday morning were Hon. Luther E. Frazier, Lt. Gov. of Louisiana, Congressman Overton Russell, B. Long, Louisiana; Congressman Wright Patman of Texas, Arkansas, Texas and Senator Allen J. Ellender of Louisiana.

Harris said that only a fraction of one per cent of the authorization has not been specifically approved by the Army Corps of Engineers. He added that two years ago, Eisenhower cited the substantial percentage unapproved as his reason for vetoing the measure.

House Override
Harris said, however, that if the president should veto the measure, there is a possibility the House will override the presidential action. He pointed out that the measure passed the house 321-61, which gives the representatives leeway for a 2-3 vote to override.

The El Dorado congressman said if the president signs the bill, he will insist that simultaneous appropriations be made for the Millwood Dam near Fulton, Ark., on the Little Red River, and the seven other dams above the Millwood, most in Oklahoma.

His action, he said, would be to show good faith to Oklahoma. Harris quoted Congressman Carl Albert of Oklahoma as saying: "I hope the project will be completed as now planned."

He warned of a "long, hard road ahead" even if the project is approved. He said first, comes the planning stage.

May Planning
"We hope to get funds as early as May to start the planning," Harris said. He added that when the time comes, he hopes the "folks back home" will appear before the House Appropriations Committee.

Gov. Raymond Gary of Oklahoma was one of Monday's opening day speakers. He praised the Red River Valley Association and the Corps of Engineers for providing water development, which he described as "beneficial and desirable" to the nation.

Our Dream
"That is our hope, that is our dream, and certainly that is our goal," the Oklahoma governor said. "If we can see a little progress each year, our goal will be accomplished. I am happy to join with you in carrying out this progress."

Scheduled as the noon speaker today was Brig. Gen. John L. Person, of Washington, assistant chief, Army Corps of Engineers. The meeting was attended by representatives from Arkansas, Oklahoma, Texas and Louisiana.

Pulaski Man Seeks to Be Prosecutor

LITTLE ROCK (UP)—R. Scott Campbell of Hot Springs announced today as a candidate for prosecuting attorney in the two-county 18th judicial district. He filed his corrupt practices pledge with Secretary of State C. G. Hall.

The present prosecutor is Walter J. Hubert, who has not filed for re-election. The district is composed of Garland and Montgomery counties.

Harrell Simpson of Pocahontas also announced for re-election to his second term as circuit judge in the 16th judicial circuit. He has been negotiating quietly concerning the Strategic Air Command's five bases in his county since Missouri became independent in 1820.

Harris at Shreveport Today

Congressman Harris of this (Fourth Arkansas) district is shown speaking at the Millwood Dam breakfast at 7:30 this morning in the Lake Room of Captain Shreve Hotel in Shreveport. James H. Pilkinton of Hope introduced him. Just beyond the congressman is Lloyd Spencer, Hope banker.

Flood Threat in California Some Better

By UNITED PRESS

Clearing skies alleviated the threat of further flooding in California today, but heavy rains and snow sent rivers over their banks in the Northeast.

Sunny skies were expected throughout rain-soaked California today, following a series of rain storms that had touched off serious flooding in parts of the central section of the state and the San Francisco area.

Most of the East also enjoyed clear weather except for the far Northeast where flooding Monday along the Susquehanna River forced several families to flee their homes at Vestal, N.Y.

The Susquehanna also overflowed its banks at Binghamton and Conkling, N.Y., and the Allegheny River neared flood stage at Salamanca, N.Y.

Cloudy weather with scattered high showers and snow flurries continued during the night in the Northeast. Forecasters said showers and snow flurries were expected today throughout the lower Lakes region and the northern New England states.

Cooler temperatures which invaded the North during the weekend pushed into the Southeast today, dropping overnight readings as much as 20 degrees in parts of Georgia and the Carolinas.

Wind gusts up to 40 miles an hour in the central and southern Rockies kicked up dust storms during the night in southern New Mexico, which at times cut visibility to less than a mile.

Light snow and rain fell in the Rockies and the Plateau region, with snow reported as far south as northern Arizona.

Livestock warnings were issued for north central and northeastern New Mexico where strong winds and moderate snow were expected.

L. R. Board to Hold a Public Hearing

LITTLE ROCK (UP)—The Little Rock city manager board will hold a public hearing next Monday night on a request by the Citizens Coach Company for increases in adult fares.

The board voted for the meeting Monday night after rejecting a request for a three-cent charge on bus transfers. The company also wants to increase its price for tokens.

The city manager board passed a resolution pledging its help on a \$250,000 West Rock Housing development. It was requested by Knox Bunker, director of the Little Rock Housing Authority. Bunker said a public hearing would probably be held on the project in three or four months.

TRAFFIC TERMS SPECIFIED

RABAT, Morocco (UP)—Morocco announced today that all treaties on the stationing of foreign troops in Morocco must explicitly recognize this country's right to demand withdrawal of such troops. The United States has been negotiating quietly concerning the Strategic Air Command's five bases in its county since Morocco became independent in 1956.

Ike Calls on Russia to Ban Atom Weapons

By WILLIAM GALBRAITH
United Press Staff Correspondent

WASHINGTON (UP)—President Eisenhower today called on Russia to join the United States in banning production of atomic weapons. He proposed that nuclear materials be manufactured "only for peaceful purposes."

The President renewed the U.S. disarmament proposal in a note to Soviet Premier Nikita Khrushchev.

The President said the "timing, wording and manner" of the Soviet declaration "cannot but raise questions as to its real significance."

For Peace Purposes
In asking Russia to accept his "atoms for peace" proposal of 1953, the President said: "The heart of the nuclear problem is not the more testing of weapons, but the weapons themselves."

He said if weapons are dependably dealt with, "then it is natural to suspend their testing."

But he said Russia "continues to reject the concept of an internationally supervised program to reduce weapons production and to reduce weapons stocks."

The President said if Russia is a "peace-loving as it professes," it should surely want to bring about an internationally supervised diversion of nuclear material from "weapons purposes to peace purposes."

Referring to Khrushchev's April 4 letter asking for a suspension of nuclear testing, the President said, "It seems peculiar that the Soviet Union, having just concluded a series of tests of unprecedented intensity, should now, in bold headlines, say that it will not test again, but add, in small type, that it may test again."

The United States carries out its own long-announced and now imminent series of tests.

Cites Bernada Declaration
The United States, Eisenhower said, is trying to develop the defense rather than the offensive weapons and to learn how to "minimize" nuclear fallout.

"It goes without saying," the President said, "that these experiments, so far as the United States is concerned, are so conducted that they cannot appreciably affect human health."

He recalled the joint declaration made by the United Kingdom and the United States in Bermuda on March 24, 1957. He said the two countries declared that they would conduct nuclear tests only in such a manner as would keep such radiation from rising to more than a "small fraction of the

levels that might be hazardous."

He said the joint declaration also pledged the two countries to continue publicly announcing test series well in advance of their occurrence and expressed a will-

the properties for the celebration," says W. R. Caldwell, manager of the Penney store at Hope. "Everything is planned to recall the days when drawing straws were the rage and stage door Johnnies queued up for Lillian Russell."

"Our posters are done in the style of old-time playbills typical of the early 1900s. We've used type faces popular at the time and much of the art work is taken from old woodcuts. One of the properties, from an old woodcut, shows a hand with extended finger pointing to special anniversary items."

"Windows will be transformed into old-time stages where new 1958 merchandise will be contrasted with items popular in the 1900s. Merchandise will be displayed behind prop footlights and plush, tasseled swags will hang overhead. Within the store will hang quilt "chandeliers" like those used in the gaslight era—all designed to create an atmosphere reminiscent of a bygone era."

Sunshine Returns to California

SAN FRANCISCO (UP)—Sunshine returned to California today ending the longest spell of wet spring weather in 100 years.

But 850 families, driven from their homes by floods, were still in shelters waiting for the waters to recede enough so they could return.

Tulare County officials distributed emergency food rations to 9,523 members of storm-riddled farm laborers' families, some of whom faced near-starvation. The San Joaquin River was still overflowing its banks in a number of areas. A total of 100,000 acres was under water but draining slowly.

Damage from floods in California to permit limited international observation of such tests, if Russia would do the same.

Russia, he said, "has never responded to that invitation." He said the latest series of Soviet tests was conducted "behind a cloak of secrecy, so far as the Soviet Union could make it so." Nevertheless, he said, the United States still intends to invite observation by the United Nations of "certain" of the forthcoming tests at the mid-Pacific proving grounds.

Air Force Jet Forced Out of Record Flight

TORREJON AIR BASE, MADRID, Spain (UP)—A U.S. Air Force jet Stratojet gave up its attempt to fly nonstop from Tokyo to Madrid today and landed at Lajes Air Base in the Azores—1,200 miles short of its mark.

The plane landed at Lajes at 10:25 a.m. e.s.t. The shortened flight of 10,288 miles broke the previous unfueled jet distance record by nearly 4,000 miles.

But it was 647 miles short of the distance record held by the Navy's propeller-driven "Tru-Jet" patrol bomber, set in 1956 on a hop from Australia to Ohio.

TORREJON AIR BASE, Madrid, Spain (UP)—A U.S. Air Force jet Stratojet streaking across the Atlantic on an attempted non-stop Tokyo-to-Madrid flight will have to land in the Azores—short of its mark—the Air Force announced today.

An Air Force spokesman said the plane had radioed that its fuel supply was not sufficient to allow it to complete the 11,487 mile flight from Tokyo.

Instead, the giant KC135 will come down at Lajes Air Base in the Azores, which is about 100 minutes flying time from Madrid. The spokesman said the plane, piloted by Brig. Gen. William E. Eubanks, was due at Lajes about 10 a.m. e.s.t.

The KC135 was reported over Washington, D. C., at 5:24 a.m. about seven hours flying time from Madrid.

It was estimated at 20 million dollars since January. Of this total, 13 million dollars was in the last week alone.

Court Docket

Municipal Court of Hope, Arkansas, April 7, 1958.

City Docket

William James Fowler, driving while intoxicated. Forfeited \$50 cash bond and 1 day in jail.

Jack Simpson, no city car license. Forfeited \$5 cash bond.

Jerry Hollis, Travis Hunt, speeding. Forfeited \$5 cash bond.

Kenny Ray Knox, Bill Gentry, hazardous driving. Plea guilty, fined \$10.

Myron E. Bannister, Johnny D. Gilliam, passing in a restricted zone. Forfeited \$5 cash bond.

Alvin Isalish, drunkenness. Plea guilty, fined \$10.

The following forfeited \$10 cash bond in a charge of drunkenness: Troy Russell, Hosea A. Atkinson, Joshua Prater, Joseph Martin, Troy Browning, Mathan Coleman, Adolph Love, Lee Earnest Smith, Garland Grant, Gerald White, Augusta Maxwell.

Thornton Walker, drunkenness. Dismissed.

State Docket
B. L. Walraven, driving while intoxicated. Forfeited \$50 cash bond and 1 day in jail.

John Conway, possessing untaxed intoxicating liquor. Plea guilty, fined \$50.

Phil Huckabee, V. V. Ashcraft, Gus Leon Sabanouth, improper passing. Forfeited \$5 cash bond.

Oscar Lee Criner, obtaining money under false pretense. Plea guilty, fined \$50 and 10 days in jail.

Fred Fellows, obtaining money under false pretense. Tried, fined \$25 and ten days in jail.

T. J. Hocutt, D. C. Dickerson, David Dickerson, driver, No PSC authority. Forfeited \$100 cash bond.

The following forfeited \$25 cash bond on a charge of overboard: Child's Big Chain Food Stores, Ed Hopson Produce Co., Mixon Bros., Strickland Transportation Co. and R. R. Rowan, driver, Henry Kellerhals, Alton Vincon, W. T. Gann, W. C. Gifford, Eugene Smith.

Lower Food Prices, Says U. S. Expert

MILWAUKEE (UP)—Housewives can look forward to lower food prices starting in late spring, a Labor Department expert said today.

Ewan Clague, commissioner of labor statistics, made the forecast in a speech prepared for a local chapter of the Controllers Institute of America.

Clague said spring crops will reduce prices of fruits and vegetables which have been at all-time highs because of crop freezes in the South.

Increased marketing of hogs and cattle, he added, may bring lower meat prices later in the year—probably in September or October.

He said prices of new cars, refrigerators, television sets and appliances will slide down to autumn lows before 1959 models go on sale.

There is, no hope, however, that haircuts, streetcar fares, movie admissions, doctor bills, electricity rates and other "service" items will go down. Clague said they will climb "slowly but steadily" in price.

Clague said most of the recent price changes were not caused by the recession. Food prices, he said, respond to seasonal trends. The cost of services lag behind business conditions, he added.

Copra is the chief product and export of American Samoa.

DOROTHY DIX

Husband, Gorgeous Maid Play on Same Night Off

Dear Dorothy Dix: My husband recently hired an attractive young woman as housekeeper. Since then things have happened to cast shadows of doubt on my husband's faithfulness. For instance, when my housekeeper has a day off, my husband always seems to have a dinner date that night. Should I openly accuse them or should I suggest to my husband that we no longer need extra help in the house?

Rev. J. P. Jones
UNITY BAPTIST Church is holding a revival with the Rev. J. P. Jones, Ashdown, a guest speaker. "Christ for the Whole Wide World", is the theme of the meet. Services start at 7 o'clock nightly with prayer and evangelistic service at 7:30 p. m. J. C. Howell is in charge of song service. The Rev. Bill Moore, pastor, invites the public to attend the revival.

Dear Dorothy Dix: My neighbor is a married man who keeps annoying me by making improper advances. When his wife goes out, he calls me on the phone and tries to trap me into coming over to his apartment. I have tried to frighten him by telling him I was going to report his actions to his wife, but it didn't phase him. The only reason I don't tell her is that we're good friends and she is a swell girl. Also, my husband has a bad heart and I don't want him disturbed. How can I put a stop to it?

AGGIE
Dear Aggie: You must be awfully glib to be taken in by such obvious tricks. By this time you're perfectly aware of the reason, the method, and the follow-up of these phone calls. If you go to your neighbor's apartment on any pretext whatsoever, you know what to expect; he knows you know, and anything that happens is strictly your own responsibility. If you really want to keep your annoying neighbor away from you, hang up as soon as you hear his voice on the phone.

Dear Dorothy Dix: Saturday night I went out with a boy I've been dating for over a year. We got in very late and father said I shouldn't go out again for a month. I can't convince him to shorten my sentence and I'm afraid the boy will get mad at me and start going with someone else.

JILL
Dear Jill: Both you and the boy knew the cutflow laws that prevailed at your house, and dad's idea of the punishment that fits the crime must be sweated out as patiently as possible. If the boy really likes you, he'll wait. If a suspension of dating can separate you, you might as well know it now. Carry an alarm clock in the future.

Hotel Barlow. Mrs. Dick Watkins, Mrs. G. D. Billberry, of Jackson, Miss.; Miss Fern McClurkin and Mrs. Walter Keith of Stephens, Ark., will be hostesses.

Hope High School Graduating Class of 1928 Hold Reunion

The Hope High School graduating class of 1928 enjoyed a Reunion Banquet at the Hotel Barlow on Saturday night following an Open House at the Hope County Club.

The class repeated the invocation in unison, using the text found in Phil. 3:13-14. Vincent Foster made the Welcome Address and distributed class pictures. Ben Haynes of Houston gave the Response. Miss Beryl Henry of Benton, former high school principal, was a highly entertaining Mistress of Ceremonies.

While Miss Mary Jean Sparks told of events and fashions of 1928, David Pearson, dressed in a woman's costume of that day, mingled among the group doing a comic routine. He also led the class in singing "When You're Smiling."

A resume of football games during the '27 season was heard by tape recording. The group joined in prayer for their five departed classmates and concluded the program with the singing of "Auld Lang Syne."

Silver leaves in the shape of an "H" and pink carnations decorated the banquet table, using the class colors. Special guests of the class were Miss Gwendolyn Dean, daughter of the late Mrs. Irma Dean, A. C. Moreland, whose drug store had been the class's "after school hang-out," Charles Wilkins, former Hope football coach, and Miss Wilkins of Brinkley; and Mrs. Henry.

The thirty-four class members present for the Reunion included the following from out of town: Cary Carlton, Albuquerque, N. M.; Evelyn Arnold, Texarkana; Mrs. Victor Purdue (Ellen Carrigan) of Shreveport, La.; Mrs. W. H. Hoskin (Ann Chambliss) of Little Rock; Ben Haynes of Houston; Mrs. C. F. Wilson (Iva Hipp) of Berkeley, Mich.; Mrs. Warren Bayse (Wilma Jacks) of Dallas, Tex.; Mrs. Jack Silvey (Marguerite King) of Clarksville, Tex.; Mrs. W. H. Pino (Thelma Mitchell) of Marlin, Tex.; Mrs. Talmadge Braswell (Cora Newberry) of Texarkana; Mrs. A. W. Martin (Katie Porter) of Fortville, Ind.; B. F. Robins of Smaackover; Mrs. Frank Turner (Norene Secrest) of Kilgore, Tex.; Mrs. Arnold Ables (Pauline Stephenson) of Camden; Floyce Taylor of Memphis, Tenn.; Mrs. Cecil Wyatt (Princess Wadley) of Sheridan; Mrs. Donald Knight (Auda Waltrip) of DeQueen.

Circle 1. Meets with Mrs. Ralph Smith.

Circle 1 of the First Methodist Church met in the home of Mrs. Ralph Smith on Monday afternoon.

For a complete BEAUTY SERVICE and all your COSMETIC NEEDS Come by Marcelle's Beauty Salon 114 E. 2nd Phone 7-2776 Ruth — Marcelle

and start going with someone else.

JILL

Dear Jill: Both you and the boy knew the cutflow laws that prevailed at your house, and dad's idea of the punishment that fits the crime must be sweated out as patiently as possible. If the boy really likes you, he'll wait. If a suspension of dating can separate you, you might as well know it now. Carry an alarm clock in the future.

Dear Dorothy Dix: The man I've been dating for seven years is married. He promised to divorce his wife from the first, but keeps putting me off. I don't feel I have done anything wrong as he said he was unhappy. Has he been fair?

GEORGIA

Dear Georgia: It's not hard to see how a man could fool you so completely when you're so very able to deceive yourself. You must have a very easy conscience. He certainly has fooled you, but you have fooled yourself even more. Isn't it about time you began to live decently for a change? That's the only way you'll find peace of mind and soul.

Infrared light rays were used by an American astronomer to find that Saturn's rings are snow.

Each of the seven floors of the Basin Park Hotel, Eureka Springs can be reached without climbing the stairs or riding an elevator, because the position of the building against the mountain makes every floor a ground floor.

Residents of Harrison distributed watermelons to voters during the election of 1873, when the principal issue was to determine whether Harrison or Baltimore would be the county seat of Boone county.

C. W. Va. and Don Nelson and
Frank Gase, both of Dayton.

What Happened to Nap Rucker?

By UNITED PRESS

Nap Rucker, a great left handed
pitcher for the Dodgers from 1907-
1916, wound up exactly even at
131 victories and 134 defeats
though the Dodgers of that era
weren't exactly world-beaters.
Nap's big year was 22-18 in 1911
when the Dodgers finished a sad
seventh but all told he won in the
double figures seven straight
years despite the sometimes truly
daffy support he got.

Whatever happened to Nap
Rucker? Now 63, Nap is water
commissioner at Roswell, Ga., up
the road a piece from Atlanta.

High Jumper Hopes to Go Seven Feet

TODAY'S SPURTRAIT...

(Reg. U.S. Pat. Off.)
By WILLIAM F. TYREE
United Press Sports Writer

LOS ANGELES (UP) — Charlie
Dumas, the University of South-
ern California sophomore who
holds the official world high jump
record, isn't cocky but hopes some
day to clear seven feet, five
inches.

Dumas set the world standard
of 7 feet, 1/2 inches in the sum-
mer of 1956 and went on to set
an Olympic record of 6 feet, 11 1/2
inches during the 1956 games.
Yuri Stepanov of Russia cleared
7 feet 1-2 inches last year but that
leap hasn't been recognized yet
because he used a special type of
shoe on his take-off foot to pro-
vide more spring.

Mental Hazards
Will Dumas try to surpass Stepa-
nov's unrecognized mark. Are
there mental hazards when the
cross-bar is placed at seven feet
or higher?

"Well, I always try to do my
best," the good-natured 20-year-
old said as he dipped in a mis-
sile stretching exercise that he
thinks is better than jumping every day.

"This kind of training helps me
get my body up where I want it,"
he said, twisting almost in two.

"I haven't any particular aim. I
just jump. But I've worked two
inches higher every year since I
started jumping in the ninth
grade.

"I hope I can get up around
7 feet, 5 inches. I don't think
there's any barrier."

Then, without any warmup, Du-
mas cleared a bar set well above
his own six-inch height. He was
almost as casual about his prepa-
rations when he surprised the
track world by clearing seven
feet. "I'm ready," was all he
said.

No Special Shoe
Neither Dumas nor his coach,
Jess Morgensen, are considering
using the kind of special shoe
which has enabled Stepanov and
several other Russians to make
several outstanding high jumps.

"Until the shoe is recognized,
we won't use it," Morgensen said.
"But he and Dumas are certain
Charlie could go higher with such
an aid."

"No telling where Charlie might
go," Morgensen said. "He's one of
those once-in-a-blue-moon natural
athletes, similar to Parry O'Brien
in the shotput."

Dumas says he likes plenty of
fans in the stands when he com-
petes because "they make me
want to try harder."

Cancelled, wet grounds.

Mrs. Reynolds Entertains
47 Bridge Club

Mrs. Bob Reynolds entertained the 47 Bridge Club with a dessert-bridge at her home on Wednesday afternoon. The rooms were beautifully decorated with a variety of spring blossoms. Small vases of red buds centered the tables for the dessert course.

High score award was won by Mrs. Jim Nelson.

Mrs. J. R. Bemis was a guest. Other members included Mrs. Jim Gentry Thomas, Mrs. Glenn Hainston, Mrs. E. R. Ward, Mrs. Earl Eppler, Mrs. W. J. Oates and Mrs. Bob Yarbrough.

Lana Turner's Daughter Still Being Held

HOLLYWOOD (UP) — The slow legal process to determine what penalty — if any — actress Lana Turner's 14-year-old daughter Cheryl, must pay for the butcher-knife murder of her mother's lover was set in motion today.

The girl waited in juvenile hall for a hearing — either late today

afternoon in the home of Den Mother Mrs. Ezra Milam with Mrs. Dick Graham and Mrs. Charles Erhart assisting.

During the afternoon the Cubs made waste baskets after which they enjoyed an Easter Egg hunt. Refreshments were served to Robert Milam, Larry McLoth, Sidney Dickerson, Billy Erhart and Johnny Campbell who was welcomed as a new member.

Cub Scout Den 2 Has Weekly Meeting

On Wednesday afternoon Cub Scout Den 2 met at the home of Mrs. Howard Cottingham for an Easter egg hunt and weekly meeting.

Plans were made for a skit to be presented at the monthly Pack Meeting.

Gene and Jimmy Davis were hosts and served refreshments to Jim Dickerson, Larry Callicott, George Clay, James Wylie Duke, Jerry Cottingham and Jim Fairchild. Mrs. Cottingham was assisted by Mrs. Wallace Purdie.

Mrs. D. L. McRae Jr. and daughter, Ellen, spent Friday in Texarkana.

Earl Haynie of Camden visited relatives Friday.

Mr. and Mrs. George Christopher and George Hamilton, Hot Springs are spending several days at their home here.

W. C. Reeves has returned from Texarkana where he visited Mr. and Mrs. Alton Reeves.

Tom Logan and daughter, Judy, has returned to their home in Memphis after a visit with his parents, Mr. and Mrs. T. E. Logan.

Mrs. Ed Hoke of Arkadelphia has been a guest in the home of Mr. and Mrs. Jim Nelson.

Mrs. Maggie McGinnis of Portland, Oregon is the guest of Mrs. Bob Cox.

U of A students spending the Easter holidays with their parents are Carolyn Barham, Charlotte Bullock, Virginia Ann Hays, Judy Gilbert, Patsy Griffin, Gene Hale Jr., Johnny Sage, Dale Loo, Carl Dalrymple Jr., Charles Haney, Martin Gilbert, Charles Haynie, Scottie Weaver and Willie Hooks.

of Tuesday — to determine whether she shall be released to her parents or kept in custody.

Later, at another session, the juvenile court will decide whether she shall be tried for plunging an 8-inch butcher knife into hand-some Johnny Stompanato, 32-year-old underworld figure, last Fri-

day night.

Cheryl said she stabbed the dapper "Adonis" of the gang which used to surround former gambler Mickey Cohen because he had threatened to disfigure her glamorous mother.

She was held at the Beverly Hills Jail and then placed in cus-

today in juvenile hall Saturday, Miss Turner and Cheryl's father, restaurateur Steve Crane, visited her Sunday.

The 33-year-old actress conferred later in the day at her home with famous film land attorney Jerry Giesler, her press agent and Crane's lawyer, Arthur Crowley, a

counsel in the sensational Confidential magazine trial.

Giesler refused to discuss the case other than to say that it was a clear case of "justifiable homicide" and that there was no justification for a trial.

Stompanato's death ended a year in which the former Cohen body-

guard was almost a constant companion of glamorous Lana, who was wed four times.

The cross vine gets its name from the cross which can be seen in the stem when it is cut. For this reason, natives of South America consider the plant sacred.

EDSEL SCORES HIGHEST IN OWNER SATISFACTION!

Nationwide independent survey proves it! Proud Edsel owners everywhere are telling why!

E. A. MELCHER, Police Chief, No. Aurora, Ill. "Tested all the '58 models and chose Edsel—best by far!"

MRS. J. JUNELL, Sales Clerk, Portland, Ore. "I liked the styling right away. And I got a wonderful deal!"

F. D. WILKENSON, Sales Rep., Elyria, Ohio. "I like the economy and the Edsel's all new appearance!"

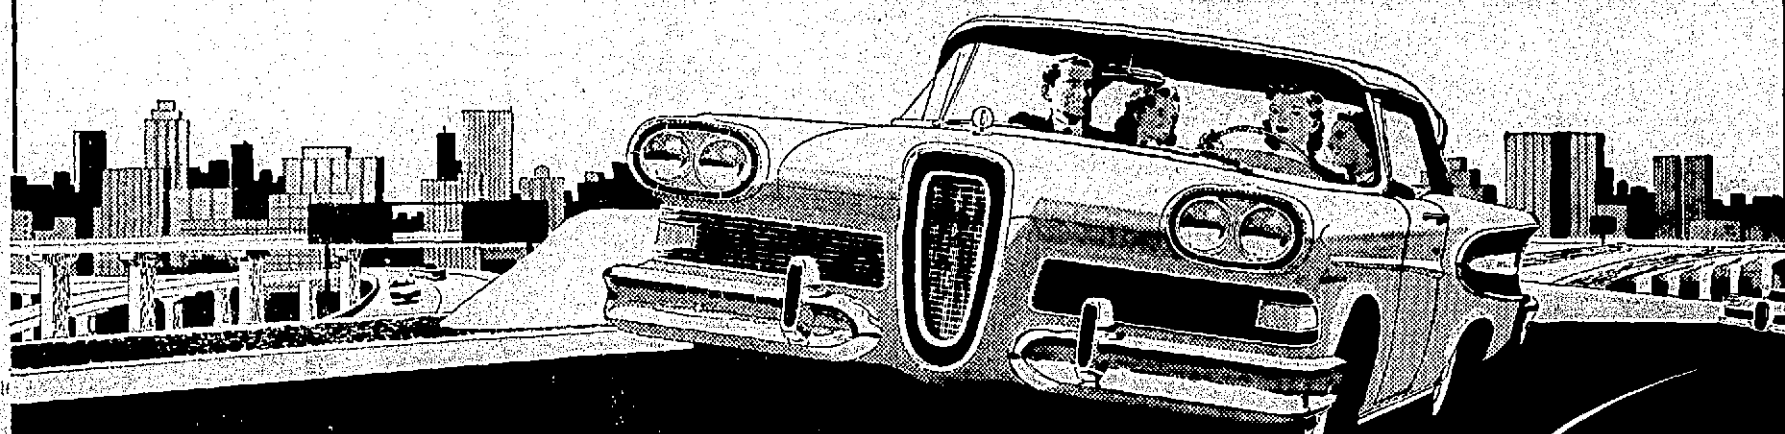

C. O. KEY, Restaurant Owner, Houston, Tex. "So impressed I asked friends to try it. Now they're Edsel owners!"

H. OMWAKE, JR., Salesman, Wilmington, Del. "I like Teletouch Drive, Edsel's power and economy!"

L. BOWERMAN, Retailer, Auburn, Ind. "Best looking car—distinctive grille, sleek body, a rich interior."

It's SWING TIME at your Edsel Dealer's! Swing the deal of a lifetime now!

THIS IS TEXAS EASTERN...

82,000 extra horsepower to boost gas deliveries

An extra 82,000 horsepower push has helped to increase the capacity of Texas Eastern's natural gas pipeline system to a record high . . . 1.7 billion cubic feet daily.

This horsepower was added during 1957 at newly-built compressor stations . . . and at key existing stations where new compressor horsepower has been installed.

Back in 1947 — when Texas Eastern first began operating the Big Inch and the Little Big Inch pipelines for transmission of natural gas — there were no compressor stations at all in operation in the system. Natural gas flowed through the system's 3182 miles of pipeline under gas field pressure at the rate of some 138,000,000 cubic feet daily.

Now, a grand total of 533,000 horsepower . . . harnessed in 55 compressor stations spaced every 50 to 75 miles along the 6000-mile natural gas system . . . is speeding gas from the Southwest to distributing companies serving millions of homes and thousands of factories in the Midwestern, Appalachian and Eastern seaboard states.

The growth of this phase of Texas Eastern's varied operations is an impressive testimonial to natural gas . . . to its acceptance by homeowners and industry, and to its merits as a clean, economical and adaptable fuel.
